Ladies and gentlemen, good afternoon. Thank you for joining us today at the 2021 Annual Stockholders’ Meeting of APC Group, Inc.

Your Company, through its subsidiary, Aragorn Power and Energy Corporation, continues to move forward in its Kalinga Geothermal Project (The Project). In 2020, we obtained from the Department of Energy an extension of the Geothermal Renewable Energy Service Contract, for its exploration period, until October 2022. DOE recognized not only the significant accomplishments of the project despite the encountered difficulties, but also the need for further exploration given the results of the drilling completed in 2020, which showed commercial temperature and encouraging chemistry.

The Project has continued exploration activities by re-conducting geology, geochemical, and geophysical surveys which were completed during the first half of 2021. The Project is now in the process of collating, analyzing, interpreting the new data intended to refine and expand the Conceptual Model to ensure soundness of the geologic targets of the next exploration well prior to resuming drilling operations. Recognizing the challenging impacts of the COVID pandemic, the

Company remains committed to move forward and continue exploration activities with current regulatory, logistical, and working conditions allowing for safe and effective operations.

Your Company is mindful of its responsibility to its many stakeholders. To this end, as of June 2021, the consent of nine (9) out of eleven (11) ancestral domains has been secured covering 85% of the GRESC area, and all of the Community Development projects have been fully completed and turned over to the respective community beneficiaries. The Project continues to provide scholarship grants and educational assistance to deserving youths from the eight (8) ancestral domains within its contract area. As of school year 2020-2021, the Project has already extended scholarship to 369 grantees and has produced 281 graduates in various courses. Three (3) scholar graduates in engineering and geology have been hired for the Project.

As of December 31, 2020, our Company’s consolidated assets stood at P267.4 million, lower by 2% versus the year prior. Liabilities of P114.6M, up by 2% from 2019 and stockholders’ equity worth P152.8 million in 202, down by 5% due to the total comprehensive loss recognized amounting to P8.4 million. For the details related to these, please refer to the 2020 Definite Information Statement which were sent to all our shareholders.

Let me take this opportunity to express my gratitude to you, our valued shareholders for your trust and confidence, to our Board of Directors for their guidance and wisdom, and to our employees for their hard work and dedication despite these challenging times. We will soldier on together as we look for viable opportunities which will redound to sustainability, growth and profitability.”
